	Sucranov™ 611 L	Sodium Laureth Sulfate (and) Cocoamidopropyl Betaine (and) Lauryl Glucoside	30.0	Jarchem
	euxyl™ PE 9010	Phenoxyethanol (and) Ethylhexylglycerin	1.0	Schülke

PROCEDURE:

1. Add ingredients to vessel one at a time while mixing in order above. Heat to 60°C and mix until uniform.
2. Remove from heat and continue to mix until product reaches room temperature.

Effective: 03/27/2018

The above supersedes any provision in your forms, letters, and papers. JARCHEM INDUSTRIES makes no warranty, whether expressed or implied, including warranties of merchantability or fitness for a particular purpose, for the chemicals it sells. Under no circumstances shall JARCHEM INDUSTRIES be liable for incidental, consequential, or other damages from alleged negligence, breach of warranty, strict liability, or any other theory arising from the use or handling of the chemicals it sells. The sole liability, if any, of JARCHEM INDUSTRIES for any claims arising out of the manufacture, use, or sale of its chemicals shall be for the return of the buyer's purchase price. The information contained herein is to our best knowledge true and accurate. Recommendations and suggestions are made without guarantee of favorable results since conditions of use are beyond our control. These data shall not be construed as a recommendation to use any product in conflict with existing patents covering any material or use.
